See FIM Technical Rule 01-63.

Two-stroke races may use unleaded fuel as specified above.

The responsibility for providing fuel for practice and races will be the competitor's. Refuelling during the progress of race/practice must be carried out at the designated refuelling area at the bottom of pit lane. It is forbidden to open tank filler caps until the machine is stationary and the engine is switched off. Riders wishing to fill up after their warm up lap must do so in the refuelling area, not on the grid. Penalty may be exclusion.

NO FUEL IS ALLOWED IN PIT LANE, Fuel can be left in the designated refuelling area. Only approved fuel storage containers to be used and must be stored in a well ventilated area.

No smoking or naked flames in the area of fuel storage and during refuelling. Suitable and current fire extinguishers to be maintained by all teams.

REAR SAFETY LIGHT

All motorcycles must have a functioning red light mounted at the rear of the seat to be used during wet practice/races or in low visibility conditions as declared by the Clerk of the Course.

The rear safety light must comply with the following:-

- (a) The lighting direction must be parallel to the centre line of the motorcycle (running direction) and must be clearly visible from the rear, at least 15 degrees to both the left and right sides of the centre line of the motorcycle.
- (b) It must be safely mounted at the very end of the seat/rear bodywork and approximately on the centre line of the motorcycle. In case of dispute over the mounting position of or the visibility of the rear light, the decision of the Technical Steward or Scrutineer will be final.
- (c) The power/ Luminosity must be equivalent to approximately 10-15w (in Candescent or 3-5w (led).
- (d) The light must be able to be switched off and on.

HANDLE BAR LEVERS

Motorcycles must be equipped with a brake lever protection, intended to protect the handlebar brake lever from being accidentally activated in case of collision with another motorcycle.

POST RACE EXAMINATION

The top 3 or others selected at random in each race will have a verification check.

VERIFICATION OF THE MACHINES

The promoters reserve the right to examine any motorcycle that has started in a practice or race, and for this purpose to retain it in official custody. Any necessary dismantling of motorcycles required shall be carried out under instructions by an accredited representative of the Competitor/Entrant.

The promoters may also require any motorcycle to be stripped, examined and retained for as long as is deemed necessary following an accident, in either practice or races.

Any competing motorcycle left unattended in the pit or scrutineering area before or after taking part in a race may be taken charge of by the promoters, who disclaims all responsibility for any competing motorcycle.

All costs relating to the verification of machines are to be met by the Competitor /Entrant.

Any non-finisher wishing to claim an award must make his machine available for post race verification.

HELMETS

A MCUI rider using a helmet which does not bear a current MCUI stamp or has been previously rejected by a Helmet Examiner or Scrutineer will receive a mandatory penalty of 30 days suspension, the period to be within the racing season.

FIRE EXTINGUISHERS

All competitors' vehicles must carry a fire extinguisher with a current inspection certificate. The recommended type is a 2.0kg. extinguisher, and MUST bear a current Inspection Stamp.

RETAILING

Teams and Competitors are not permitted to retail any merchandise within the Paddock area during Ulster Grand Prix Bike Week. Anyone contravening this ruling will be subject to a penalty.

Teams and Competitors are not permitted to retail within the Paddock area during the Ulster Grand Prix Bike Week; this includes merchandise of any kind.

OFFICIAL PRACTICE

QUALIFICATION

All riders machines will need a timing transponder fitted to each machine. It is the responsibility of each competitor to provide and properly fit a fully charged transponder to his/her machine(s) at his/her own expense. The transponder identification number ((usually a seven digit number) must be included on the entry form so that the database can be set up in advance of the event.

Each driver will be required to complete not less than two laps of the course at a minimum average speed equal to at least 85% of the average speed attained by the fastest six riders in that class.

All riders are required to have a minimum of 5 laps practice, if a rider has failed to complete 5 laps he must inform the Clerk of Course immediately, no practice no race. All competitors must complete the sighting lap. **NO SIGHTING LAP, NO RACE.**

In addition a driver entering for the first time in current practicing periods must complete 6 laps, two of which must be at the stipulated qualifying speed before he/she shall be permitted to start. Drivers failing to attain qualifying speeds will only be permitted to take part in the race at the discretion of the Clerk of the Course, who will consider any appeal made to him/her. A driver has the right of appeal to the Stewards of the Meeting, through the Clerk of the Course, against any decision regarding eligibility to partake. Any driver taking part in practice on a machine other than his actual race machine must obtain permission from the Clerk of the Course. Penalty for failure to do so may be exclusion from the race.

Grid positions will be determined by timed practice, in the event of two sessions being used the fastest overall or the fastest combination from a wet & dry session. The promoters reserve the right to allocate the last four grid positions of the leading group.

RACE PROCEDURE

In exceptional circumstances, the start of any race may be officially delayed, reduced in the number of laps and if necessary postponed.

START PRELIMINARIES

FIRST SIGNAL: 30 MINUTES BEFORE START: Competitors proceed to assembly area and may start engines for warm up period.

SECOND SIGNAL: 15 MINUTES BEFORE START: Competitors will be allowed on to circuit for their warm up lap. 5 minutes after the second signal the assembly gates will close and any late arrivals will miss the warm-up lap. **NO SIGHTING LAP, NO RACE.**

THIRD SIGNAL: After all riders return from their warm up lap a three minute countdown to the start of the race will begin. The start of the race is signalled by the

starting lights - when the RED light goes OUT or by the raising of the National Flag. Classes will be started in groups at 30 second intervals.

START PROCEDURE: All races will be clutch start.

FINISH: After the first class winner has received the chequered flag, the remaining competitors will be flagged off the course. On being flagged off, all competitors should slow down and proceed to the marshals at the Rusheyhill cross roads with the red flag and obey their instructions.

WET RACE

In the event of wet weather, the Clerk of the Course may declare a “wet race” and allow riders to change tyres. Applies to all classes.

PIT AREA

Each competitor is permitted up to two attendants and one time keeper. Attendants must at all times obey official instructions. If an attendant fails to obey such instructions or commits any breach of regulations, his/her competitor may be held responsible and penalised.

Both attendants must remain in the pit allocated to them, except when their competitor is at the pit, when they both may assist or carry out replacement repairs, only using the spares previously deposited in the pit. The time keeper must only signal from an area at the start line.

One attendant must remain in the pit at all times, whilst their rider is competing, to receive messages. Footwear worn by attendants must not carry any studs, steel tips, etc.

If electrically operated equipment is required in the pit area, it must be spark-proof and intrinsically safe in every respect. Spare batteries must be protected. Smoking is strictly forbidden in the Pits and Pit Lane areas.

PIT LANE RESTRICTIONS

The pit lane wristband is issued to the personnel who work or do a professional activity for the competitor during Bike Week in restricted areas (pit lane / holding area / grid / start line).

Under no circumstances should pit lane passes be allocated or distributed to guests. Any such passes will be withdrawn and the competitor may face disqualification.

Each competitor will be issued with wristbands. One additional pit lane wristband may be allocated upon application to the Clerk of the Course.

PIT STOPS DURING RACING

All competitors must stop at the entrance to the pit lane before proceeding to their pits, and must place a foot on the ground. The stopping point is indicated by the word “STOP” at the entrance to the pit lane. After stopping, competitors must then proceed with caution inside the yellow line until reaching the Rusheyhill crossroads point. If any rider crosses this line he/she could be excluded from the meeting.

The stop box will be marshalled and failure to stop will result in a minimum time penalty of 10 seconds or exclusion.

FLAG SIGNALS

SIGNALS USED TO PROVIDE DIRECT INSTRUCTION TO RIDERS – NO SIGNAL, ALL CLEAR.

Yellow Flag – Held Motionless or Steady Yellow Light	The Yellow Flag held motionless or a steady yellow light is a direct instruction to the rider to Slow Down. Overtaking is Forbidden. Should a rider inadvertently gain a position (i.e. A preceding rider slows at a faster rate), once it is safe to do so, (s)he should return to the original position and may raise his/her hand to indicate same.
Yellow Flag – Waved or Flashing Yellow Light	The Yellow Flag waved or a flashing yellow light is a direct instruction to the rider to Slow Down and Prepare to Stop, Overtaking is Forbidden. Should a rider inadvertently gain a position (i.e. A preceding rider slows at a faster rate), once it is safe to do so, (s)he should return to the original position and may raise his/her hand to indicate same.
* Red Flag Or Red Light	The use of the red flag or red light indicates that Racing has been Stopped. Overtaking is forbidden. Riders shall slow down and may be instructed to return to the starting grid or paddock, as decided by the Clerk of Course (COC). A rider may raise his/her hand to acknowledge the red flag/light.
Black Flag	The Black Flag will be displayed motionless with a board displaying a riders race number (usually at start/finish line). There is a Serious Problem and the rider must pull off the racing line and stop in a safe position with the utmost care and attention. The Rider must report to the COC.
Last Lap Flag	This flag will be displayed as the riders start their last lap.
Chequered Flag	When the leading rider has completed the required number of laps (s)he will be shown the chequered flag by an official standing at the start/finish line. The chequered flag will continue to be shown to all subsequent riders. Once a rider receives the chequered flag (s)he must proceed safely to the paddock using the designated route.
National Flag	The national flag may be used to start the race, In the event of the national flag being used you will receive clear instruction from the race starter.
Green Flag	This flag will be shown motionless at each Flag Marshal Post for the first lap of each practice session and of the warm up, for the sighting lap(s) and for the warm up lap.

TYRE WARMERS

Tyre warmers are compulsory and must be used on all machines before going out in race or practice.

There will be electric points in the holding area, for competitors.

CHAIN GUARDS

Compulsory fitting of a chain guard to all machines from the rear fork (swinging arm) in front of rear drive sprocket to beyond the lower chain run so that nothing can be caught between chain and sprocket. Exclusion at Scrutineering if not fitted.

IDENTITY DISCS

An identification disc / S.O.S. card, which must be worn during practice and racing. These discs may be obtained from Scrutineering.

PROHIBITION OF WHEELIEING

The deliberate lifting of the front wheel for the purposes of showmanship is strictly forbidden and may result in the exclusion of the offender from the meeting.

STOPPING ON THE COURSE

A rider who breaks down during practice or racing must immediately place his machine on the side of the course, in such a position as not to inconvenience other competitors. A rider rescue service may be provided between races. NO TOURING will be permitted at any time on the course and may lead to disqualification from the meeting.

FALLS DURING RACING OR PRACTICE

Once a rider has fallen from their machine they are not permitted to remount and continue in that race or practice session. The machine has to be rechecked and passed by a Scrutineer, and the rider involved must report to the COC to complete an incident report before continuing to race/practice.

PROTESTS

UGP race protests may be made and must be in accordance with the FIM Code, and accompanied by a fee of £100. In addition if it involves the dismantling of an engine, then a deposit of £250 for a Four Stroke or £150 for a Two Stroke machine must be submitted with the protest fee. In the event of the protest being UPHeld the deposit will be returned. If the protest is unsuccessful, the deposit will be awarded to the winning party and will be the only cost claimable. For the purpose of this regulation "the time of publication of results" will be deemed to be 1/2 hour after the first competitor to finish the race.

Protest for the National races must be made in writing to the Clerk of the Course, be in accordance with the General Competition Rules of the MCUI and accompanied by the prescribed fee of £25 sterling. For the purpose of this regulation "the time of publication of results" will be deemed to be 1/2 hour after the first competitor to finish the race.

GARLANDING CEREMONY

Riders finishing first, second and third in each race will be required to take part in a short ceremony to be held on the Podium opposite the Grandstand. This ceremony will take place after the third placed competitor has entered the Winner's enclosure. The first, second and third in each of Saturday's UGP races, must attend a short press conference at the conclusion of race day in the hospitality area, permission not to attend can only be obtained from the Clerk of the Course.

RESULTS

The Promoters shall make such public announcements of the progress of each rider during the race as may be practicable and shall announce provisional results immediately the race has finished. A report of the final results of the Race, signed by the steward, will be published on the evening of the race. Any protest against any irregularity or mistake occurring during the race shall, be lodged within half an hour of the finish of the race.

VIDEO RECORDING OF RACES BY RIDERS

ONBOARD CAMERAS

Only competitors authorised by COC will be permitted to film from onboard cameras. Applications must be made in writing to the COC where such approval is granted, the installation of the camera and the associated equipment is further subject to approval of the Chief Scrutineer. A copy of Insurance policy with a limit PL for personal use cameras is £2000,000 must be forwarded with entry form prior to the closing date for inspection, otherwise no onboard cameras will be allowed to be used.

VEHICLE RECOVERY SERVICE

A rider and machine recovery service will operate after every practice session and each race. Any machines collected will be returned to the main paddock gate. The Promoters will not accept any responsibility for any damage to any machine.

ACCEPTANCE OF RECORDS

Entrants, riders and passengers must accept the official records of the Promoters, which may be published as the Promoters think fit, and also agree not to publish, or allow to be published, on their behalf, any inaccurate, misleading or premature advertisement in connection with these races.

GENERAL

Every entrant and every driver by being entered thereby acknowledges that he/she is bound by the I.S.C of the F.I.M and G.C.R. of the M.C.U.I. and these Supplementary Regulations, to all of which he/she undertakes to submit, and renounces any right to have recourse to arbitration or tribunal not provided for in the said rules or regulations.

INTERPRETATION OF REGULATIONS

The interpretation of these regulations, and of any to be hereafter published or issued and the infliction of any penalties for breach of the same, shall rest entirely with the Stewards of the Meeting. If any dispute shall arise in connection with the said regulations, or in connection with the race, the decision of the Stewards of the Meeting shall be final and binding, except so far as is otherwise provided under the International Sporting Code of the FIM and the General Competition Rules of the Motor Cycle Union of Ireland.

BREACH OF REGULATIONS

The Clerk of the Course subject to confirmation by the Jury, is empowered to levy a fine and/or impose a time penalty, where applicable, for breaches of the regulations, where no other penalty is specified.

POSTPONEMENTS

The Promoters have the right to postpone the race sine die should any circumstances arise which, in their opinion, render such a course necessary or desirable.

ELECTRICAL SUPPLY

Equipment which is installed or used outside should be of suitable weatherproof construction and needs to be protected from mechanical damage i.e. cables which are likely to be driven over by vehicles. A minimum standard of at least IP 55 is required.

GENERATORS

Generators must be placed in a safe working area.

LIABILITY FOR DAMAGE TO MOTORCYCLE

It is one of the conditions upon which entries for the race and/ or practice will be accepted by the Promoters that the Promoters will not be responsible for any damage that may be done to or by any motorcycle entered for the race and/or practice, or for the theft of the motorcycle or any of its accessories or appurtenances during the said periods.

LIABILITY FOR DAMAGE BY ENTRANT

The entrant of any motorcycle in the race and/or practice may be held liable for any damage caused by him or his driver, servant, agent or representative during the course of or in connection with the race and/or practice.

ALCOHOL/DRUG

Random alcohol/drug testing will be carried out with zero tolerance at any time prior to taking part in the race or practice. The tests will be by breath analysis using an approved breathalyser unit. Any competitor whose test is found above 0.1 milligrams shall be excluded from any further events at the meeting and the mandatory penalty will apply.

INSTRUCTIONS

The promoters may issue mandatory instructions to competitors. These instructions shall, however, amplify only, and shall not modify, these Supplementary Regulations. During the Meeting the Clerk of the Course, his deputy, or assistants, will establish headquarters at the Starting Area.

An official notice board shall be displayed at the Scrutineering Area and every competitor shall be deemed to have made himself cognisant with any notice displayed thereof and if applicable such notices shall have the force of these regulations and shall be binding upon all competitors.

APPENDIX A Superbike Specifications

Machines must comply with the 2019 FIM and/or MCRCB Regulations. These are
obtainable on the following websites:-

FIM: www.fim.ch

MCRCB: www.mrcrb-events.co.uk

ACU: www.acu.org.uk

The following amendments apply to the Superbike class

(references are to paragraph numbers in FIM Superbike Technical Regulations)

ECU

- Only a BSB spec Motec or standard/kit ECU with addition of a power
commander type device may be used.

Tyres

- This paragraph of the MCRCB Superbike Technical Specification does not apply
to the UGP. Tyres may be replaced from those fitted to the homologated
motorcycles.
- Tyre warmers are allowed. Any tread pattern must be made exclusively by the
manufacturer when producing the tyre. Additional tread grooves, cuts etc. are
allowed provided that they are made by a tyre manufacturer or by a person
duly authorised by a tyre manufacturer by means of special purpose-built
equipment. Such modified tyres must bear the distinguishing mark or stamp of
the manufacturer. This stamp must be placed near to the manufacturer's mark.

2.4.6.11 Fuel Tank

- The FIM Regulation is modified by the addition of the following :-
- "The unleaded filler baffle may be removed from the fuel tank.
- The maximum tank capacity is 24 litres.

APPENDIX C Supersport Specifications

All machines must comply with the MCUI and the ACU National Sporting Code Group A1 for solos and with these UGP supplementary regulations. The onus of ensuring eligibility of any machines rests solely with the competitor. All Supersport machines must be on the 2019 FIM list of homologated machines.

These regulations apply to Supersport machines run under FIM Rules. All motorcycles must comply in every respect with all the requirements for Road Racing as specified in the Technical Regulations. These are obtainable on the following website:-
www.fim.ch

The following amendments apply to the Supersport class.

1. Tyres

- The FIM Regulations are replaced with the following UGP Regulation:-
- Any moulded treaded tyre may be used.
- The depth of tyre treads must be at least 2.5mm over the whole tyre tread (pattern) width, at pre-race control.
- Tyre warmers are allowed.
- The number of tyres to be used during the meeting is not restricted.

2. Windscreen

- The windscreen may be replaced by transparent material which may include a second screen with a maximum height above that of the original homologated screen of 150mm.
- As an alternative, a replacement screen, including a bubble of maximum height of 150mm, may replace the original homologated screen.

3. Fairing/Bodywork

- This paragraph (2 x 25mm holes) does not apply to the UGP.

4. Fuel Tank

- The FIM Regulation is modified by the addition of the following :-
- "The unleaded filler baffle may be removed from the fuel tank. It is permitted to modify the standard manufacturer's tank provided the silhouette of the tank remains as homologated."

5. The following items MAY be removed

- ADD to FIM Regulation:
"Bank Angle Indicators ("hero bolts")"

APPENDIX D

Superstock Regulations

All machines must comply with the MCUI and the ACU National Sporting Code Group A1 for solos and with these UGP supplementary regulations. The onus of ensuring eligibility of any machines rests solely with the competitor. All Superstock machines must be on the 2019 FIM list of homologated machines. These are obtainable on the following website:- www.fim.ch

1. Tyres

- The FIM Regulations are replaced with the following UGP Regulation:-
- Any moulded treaded tyre may be used.
- The depth of tyre treads must be at least 2.5mm over the whole tyre tread (pattern) width, at pre-race control.
- Tyre warmers are allowed.
- The number of tyres to be used during the meeting is not restricted.

2. Ignition/Engine Control Systems

- The engine control unit (ECU) must either be:
 - (a) As homologated and inner software may be changed
 - (b) Or the ECU kit model (produced and/or approved by the machine manufacturer) may be used. A special connector may be used to connect ECU and the original wire loom. The retail price of the full system (software included) must not be more than 1.5 times higher than the price of the original system.
 - (c) In addition to option (a) mentioned above, the external ignition and/or injection module(s) may be added to the standard production ECU, but their total retail price cannot be higher than the complete ECU unit.
 - (d) Central unit (ECU) may be relocated.
 - (e) Spark plugs may be replaced.

3. Wiring Harness

- The original wire-loom may be modified as indicated hereafter.
- The wiring loom may be replaced by the "kit" wire harness loom, as supplied for the ECU kit model produced or approved by the manufacturer of the motorcycle.
- The wiring loom and the key/ignition lock may be relocated or replaced.
- Cutting of wiring harness is not allowed.

4. Transmission/Gearbox

6. (i) Windscreen

- The windscreen may be replaced by transparent material which may include a second screen with a maximum height above that of the original homologated screen of 150mm.
- As an alternative, a replacement screen, including a bubble of maximum height of 150mm, may replace the original homologated screen.

(ii) Fairing/Bodywork

- This paragraph (2 x 25mm holes) does not apply to the UGP.
- Third bullet point - remove piece **“within a tolerance of +/- 15mm”**.
- Also at the end of section remove **“Screen Height - there is no FIM homologated height. An average will be determined and the results are all taken from a fixed casting point on the top fork yoke by the ignition mounting point to the top of the screen”**.

7. Battery

- The battery may be replaced. If replaced its nominal capacity must be equal to or higher than the homologated type.

8. Fuel Tank

- The FIM Regulation is modified by the addition of the following :-
- The unleaded filler baffle may be removed from the fuel tank.
- It is permitted to modify the standard manufacturer’s tank provided the silhouette of the tank remains as homologated.”

9. The following items MAY be removed

- ADD to FIM Regulation:
“Bank Angle Indicators (“hero bolts”)”

10.

- If the rider wants to change to slick tyres for a Superbike time, then he/she must have a second transponder and change to Superbike plates and number.

APPENDIX E
